Subject: RE: Request for ATSDR assistance deployment

Hi Chris,

Per our discussion, wanted to add that the scope and timing for ATSDR assistance (as described below) comes from section 300.175(b)(8)(i) of the National Contingency Plan regulations.

Thanks, Gina

Subject: Request for ATSDR assistance deployment

Hello Chris,

As our RRT rep, I am sending this to you but please forward it on to others as appropriate.

On behalf of RRT Co-Chair David Ostrander, I am requesting ATSDR deploy resources to assist the OSC working the Gold King Mine Release in Durango, CO. Specifically we seek technical assistance via one ATSDR environmental health initial person to help UC with human health threat assessment and analysis, and exposure prevention and mitigation. This person would deploy for approximately one week but, if assistance is needed longer, we would expect additional personnel to rotate to the site, preferably with opportunity to overlap/transition to the incident.

Please contact me with any questions and thank you in advance for your assistance!!

Gina Cristiano
